## [Download Complete File](#)

**What is the difference between E90, E91, E92, and E93?** The fifth generation of the BMW 3 Series range of compact executive cars is designated under the model codes E90 (saloon), E91 (estate, marketed as 'Touring'), E92 (coupé) and E93 (convertible).

**How do you check fault codes on a BMW E90?**

**What can be coded on BMW E90?**

**How do I access the hidden menu on my BMW E90?**

**Are E92 and E93 rear bumpers the same?** The rear bumpers are all the same and are cross-compatible. IMPORTANT: If you had parking sensors (PDC) on your vehicle, you will need to have your body shop drill the holes and transplant your OEM sensors and hardware onto the new bumper.

**Are E90 and E92 shocks the same?** No, they aren't the same. It isn't even the same amongst each variant of the m3 i.e. your springs and dampers will differ from another E92 depending on options. Even if 2 E92s had ZCP, their spring rates could differ if there are differences in equipment. The same applies for E90s and E93s.

**How to check BMW error codes without scanner?**

**How to decode BMW fault code?**

**How do you manually check engine codes?** You first want to press and hold the odometer reset button and the trip button at the same time. While holding those

down, turn the ignition on and release the odometer reset and trip buttons. After taking these steps, the diagnostic codes should appear in your odometer display.

**Can you code BMW yourself?** While a coding shop will require you to take your car in for their technician to work on, BimmerTech's innovative BMW iDrive coding process means you can code your car quickly at home at a time you choose.

**Does BMW E90 have OBD2?** All vehicles since 2004, and some vehicles from 1994 and later, are equipped with an OBD2 port. However, the location of this port depends on the car model. For instance, the OBD2 port location for BMW 3 E90 should be located within reach of the driver.

**What do I need for BMW coding?** Using Carly for BMW you only need your Mobile Phone and our OBD Adaptor. If you don't have a mobile phone you'll need a coding cable to connect your laptop to your BMW for coding. Make sure to get the right cable for your vehicle; F and G Series cars require an ENET cable, while older E Series cars need a DCAN cable.

**Does BMW have a hidden key?**

**How to unlock secret menu BMW?**

**How to code a BMW E90 key?** Programming a New Key from Scratch Hold the unlock button and press the BMW logo 3 times, then release the unlock button. If you have additional keys you'd like to program at this time, repeat step 3 within 30 seconds from the original key programming. Turn on the ignition to complete the process.

**Are e90 and e91 front bumpers the same?** Yeah. Same part number for both. front bumper is identical between saloon and estate. same thing stands for coupe and cc models.

**Can you put a E92 front on a e90?** No, the e90 M3 front end is not the same as the e92, and I doubt the e90 and e92 front ends are interchangeable, those are 2 very different cars (different fenders, trunk, headlights, grills, etc)..

**Is E92 a classic?** The BMW E92 M3 is a modern classic immortalized by a fervent V8.

**What does E mean in E90?** The E in E-number stands for the German word Entwicklung – meaning Development. E numbers are the factory code numbers given to new cars in the process of development prior their official sales name has been allocated.

**Are E90 and E92 headlights the same?** Know the difference. The E90 M3 headlights share the same headlights as the E92 M3 coupe headlights, this is unusual as BMW did not stick with the sedan headlights as shown in the below picture.

**Does the E90 suspension fit the E91?** they'll fit as long as it's not an xdrive (assuming your car is also RWD). Spring rates may be slightly different, but with adjustable height, that shouldn't be a problem. they'll fit as long as it's not an xdrive (assuming your car is also RWD).

**How to check fault codes on BMW E90?** Start by looking for the 16-pin OBD II plug (diagnostic link connector or DLC) under the dashboard. By law, it is always located within reach of the driver. Once the diagnostic scan tool is connected to the DLC, follow instructions on the scan tool screen.

**What is the best scanner for BMW coding?** Look no further than the Ancel BD300. The Ancel BD300 provides a comprehensive full system scan and focuses on the four crucial service functions: battery registration, EPB reset, Oil reset, and Throttle relearn. In essence, it's a cost-effective solution that efficiently gets the job done.

**How to clear BMW code?**

**How do I code my BMW myself?** Can I Code My BMW Myself? Yes, it is possible to code your BMW yourself, thanks to user-friendly applications like BimmerCode. BimmerCode provides an intuitive interface that enables you to access and modify various coding options in your BMW.

**How do you read a BMW engine code?**

**What is DTC on BMW E90?** Dynamic Traction Control (DTC) allows for sports-style driving dynamics even when DSC is controlling stability and when wheel traction is

higher. Dynamic Traction Control (DTC) is a sub-function of the Dynamic Stability Control (DSC) system that can be turned on and off.

**What's the difference between a BMW E90 and E91?** Differences are: Roof, Roof liner, rear seats, taillights, trunk hatch, rear bumper. everything b pillar forward and drivetrain is identical. everything behind the front seats is e91.

**Which year of E90 is the best?** The E90 330i built from 2005 to 2007 is definitely your best bet if you're in the market for a used and reliable 3 Series. Not only does it sport the most reliable engine of all E90s, but it's also one of the most powerful naturally-aspirated options.

**Are E90 and E92 exhausts the same?** Ive just done the OEM mod on an e92 exhaust to fit my e90 saloon. The only difference between the 2 is the length of the tail pipes so if you just drill out the rivets remove tail pipes cut to required length an re drill and rivet back on it will fit no problem.

**What does the E stand for in E90?** In BMW "E" and "F" chassis codes the "E" stands for Entwicklung, the German word for Development. E and F codes are assigned by BMW at the beginning of model development. The "F" code came after "E" code.

**Are E90 and E91 front bumpers the same?** Yeah. Same part number for both. front bumper is identical between saloon and estate. same thing stands for coupe and cc models.

**What is an E93 BMW?** E90 - sedan (4 doors) E92 - coupe (2 doors) E93 - convertible (2 doors, one folding top)
