**How does Tris escape the assault?** How does Tris escape? She bites someone, and then Four comes and beats up Drew. Then he pulls Tris back over the railing.

**What does Tris realize about herself?** Thinking about these episodes makes Tris realize something: she's always been Dauntless, even when she lived in Abnegation. Tris knows that she's Divergent, but she's still thinking in terms of the factions. She assumes she must be one faction or the other, so now she believes that her true identity is Dauntless.

**What four fears has Tris faced at this point?** Tris's fears include being devoured by crows, drowning in a tank, being kidnapped in her Abnegation bedroom, killing her family, the ocean and rocks, and being burned at the stake. Tris was able to get past all her fears in record breaking time, which Four was impressed by.

**What advice does four give Tris?** He offers to report the incident, but Tris refuses, not wanting to show her fear. Four treats her tenderly and advises her to feign vulnerability so the others won't hurt her again. She tells him that the boys molested her during the assault, angering him. He insists that she protect herself now and "ruin them" later.

**Who kills Tris?** She successfully repels the death serum but is shot by David. Dying, Tris sees visions of her mother embracing her, before she succumbs to her wounds. Tobias, Christina, and Peter return to the Bureau and learn from Cara of Tris's death.

**Who had a crush on Tris?** Tobias "Four" Eaton She was never afraid to stand up to him or tell him off. When she and Tobias start a relationship, she is worried that he does not actually love her and that he just wants to use her because she is not pretty and draws no interest from anyone whatsoever.

**Do Tris and Four have a baby?** Ash is the daughter of Tris and Four. She is a divergent like her mother. She chose to stay in Dauntless.

**What is the age gap between Tris and Four?** Something that really bugged me when rewatching Divergent before watching Insurgent is the age difference between Tris and Four. In the movie it's 16 vs 24 according to the internet.

**What is Four's real name?** Theo James was born on December 16, 1984 in Oxford, Oxfordshire, England, United Kingdom as Theodore Peter James Kinnaird Taptiklis. He is an actor, known for his role as Tobias "Four" Eaton in the films Divergent (2014), The Divergent Series: Insurgent (2015) and Allegiant (2016).

**Why did 4 leave abnegation?** Like Tris, Four grew up in Abnegation. At his choosing ceremony, he opted to transfer to Dauntless to escape his abusive father. Four serves as a trainer for new Dauntless initiates. He was given the nickname "Four" because he has only four fears: heights, shooting innocents, claustrophobia, and his father.

**Does four have a crush on Tris?** Four said to Tris at the end of the book, "I might be in love with you. I didn't want to frighten you" or something like that and Tris tells him she wouldn't be scared and he says "Fine. I love you.", so yes, it did happen!

**Why did four call Tris pathetic?** Tris is assigned a kidnapping scenario, which causes her to relive the trauma of Peter's attack. She hears a voice tell Lauren to stop the simulation, and when she comes out of the hallucination in tears, Tobias publicly chastises her for her "pathetic" performance.

**Does Tris ever say I love you to four?** (\*possibly a spoiler, stop reading if you haven't read Insurgent) And it also said so much about their relationship that she finally said 'I love you' after coming back from Jeanine. It said so much about her new views on life, and trust and family and how much she loved Tobias.

**Does Christina forgive Tris for killing Will?** In *Insurgent*, Christina finds out that Tris shot and killed Will when she is under truth serum. Christina distances herself from Tris after finding this out. She forgives Tris after seeing the simulation kill Marlene and understanding Tris' defense.

**What does the hawk tattoo mean to Tori?** Tori explains that in some cultures, the hawk was a symbol of the sun, so the tattoo reminds her that she conquered her fear of the dark. After Tris joins Dauntless, she has Tori tattoo three birds, one for each member of her family, on her collarbone, as if they're flying toward her heart.

**Does Four date Christina?** After Tris's death at the hands of David, Christina manages to convince Tobias not to wipe his memory with the memory serum, and in the epilogue they are shown to be close friends. In the short story *We Can Be Mended*, Christina manages to move on from Will and is dating Four.

**Why was *Divergent 4* cancelled?** Negative critical reception and lack of originality in the series contributed to the cast's reluctance to continue, leading to the project's cancellation.

**Why does Tris cut her hair?** She left EW in 2015. In the latest trailer for *Insurgent*, Tris tells Four why she has that short haircut—and it's not because the actress playing her starred in *The Fault in Our Stars*. “I wanted something different,” Tris says.

**Are Tris and Four a couple?** Their love was sweet and at the beginning, Four was a little bit the person to protect Tris. But later, in the second and third book, when the situation became even more difficult and dangerous, they stopped talking to each other.

**What does Tobias do after Tris dies?** Tobias grieves Tris' death, as well as Uriah's removal from life support. He considers taking memory serum so he can start over and forget his pain. Christina stops him, reminding him that those actions aren't what Tris would have wanted. Two-and-a-half years later, Tobias is living in a peaceful Chicago.

**Was 4 *Divergent* too?** Yes, Tobias Eaton (aka Four) is a divergent in the book and film *Divergent*. He displays many of the traits that indicate he is divergent, such as

**How does Tris escape in chapter 21?** She realizes her three attackers include Peter and Al. They blindfold her and take her to the chasm, where they hang her over the railing and grope her chest. Just as Peter is about to drop her over the edge, Four rushes in and rescues her, and she passes out in his arms.

**How does Tris escape her last scenario?** Final Answer: Tris escapes her last scenario, where she is being forced to kill her family, by resisting the simulation and refusing to act on the orders given by the Erudite faction.

**Why did Tris point the gun at herself?** Tris is sometimes willing to sacrifice herself without thinking, hence her decision to shoot herself in the head. She is, in perfect Abnegation form, selfless.

**Who saves Tris from execution?** To save others from being killed, Tris surrenders to Erudite. Jeanine orders her execution, but Tris is saved by Peter, her former rival, and escapes to Abnegation. There, Tris meets with Marcus, who tells her that the Erudite know a secret with the power to destroy the other factions.
