How to make her crazy for you?

How to challenge a woman to chase you? Keep your conversation fun and interesting! If you ask her insightful questions and talk to her about things she's interested in, she'll be more likely to want to keep chatting with you. Avoid saying anything inappropriate or getting pushy if she doesn't respond right away, since this could annoy her or creep her out.

Will she forget me after no contact? It's unlikely that an ex will forget about you, even if you don't communicate with them after the breakup. Relationships tend to make a large emotional impact on both people involved, so it's likely your ex will remember you and the relationship even after the breakup.

How to make her come back to you? Your best bet is to be sincere. We found that women are less likely to be impressed with materialistic gestures like an unforgettable date or gifts, but are more likely to be won over by someone who can make her laugh, help out with errands or offer a sincere compliment.

What is the 9 word text? Its roots trace back to real estate entrepreneur Dean Jackson, who pioneered this straightforward yet effective approach. The concept is deceptively simple: a subject line bearing the recipient's name, followed by a body text with a one-line, 9-word question.
