Witnessing her past self, Suzume imparts strength through a childhood chair, leading her young self to return to the past. Suzume and Souta part ways, cherishing the friendships forged.

**Is Daytime Shooting Star a love triangle?** Having read the entire series-all 12 volumes (which is roughly 80 chapters)-in the span of three days, there's clearly an addictive quality to Daytime Shooting Star. And the sole reason why I think it was so compelling to read was because (dare I say it) the love triangle.

**Who does Yosano Akiko end up with?** In 1900 she joined the Shinshisha (New Poetry Association) of Yosano Tekkan and began to contribute to his magazine My?j?. She met Tekkan that year and the next year left her family and went to Tokyo, where she married him.

**Who is Suzume love interest?** While her love for Souta grows as she realizes how selfless he is, their romance feels quite run-of-the-mill. **Who is Satsuki Shishio in hirunaka no Ryuusei?** Satsuki Shishio (??? ??, Shishio Satsuki) is Suzume Yosano's high school homeroom teacher and first love. Shishio initially meets Suzume while offering to help her find her uncle Yukichi's house when she first moves to Tokyo.

**How old is Souta?** Suzume's lead characters, Suzume and Souta, also have a discernible age difference. Suzume is 17, and Souta is 21, which is less extreme than in Shinkai's past films, but it's still something that's been debated within Shinkai's fandom.

**Does Souta become human again?** Once in the Ever-After, Sadaijin changes its form and distracts the worm, while Suzume tries to wake up Souta, who returns to his human form.

**Who does Suzune end up with in daytime shooting star?** IT'S THE REAL THING, GUYS. SUZUME AND MAMURA ARE GOING TO KISS IN THE FINAL CHAPTER. WHICH MEANS SUZUME EVENTUALLY ENDS UP WITH MAMURA.

**What is the age gap in daytime shooting star?** She meets some weirdo, who turns out to be her uncle's friend Shishio. Once he carries her home, she goes to school the next day to find he is her homeroom teacher. Suzume's teacher, Shishio, is twenty-four or twenty-five, so their age gap is only nine years.

**Is Shooting Star ending happy or sad?** It ends well and happy.

Moreover, she promptly provides him some advice as a senior member of the Agency and even works with him on the spot after an ambush attack by Motojir? Kajii. Through time, Yosano has grown to trust Atsushi as a valued comrade.

**What happened to Yosano Akiko?** Yosano died of a stroke in 1942 at the age of 63. Her death, occurring in the middle of the Pacific War, went almost unnoticed in the press, and after the end of the war, her works were largely forgotten by critics and the public.
