Huxley warns too much technology while bringing comfort could ultimately obscure beauty and truth.

What age level is Brave New World book for? It's certainly a book I won't forget, and I would recommend it to readers aged fourteen and over as the ideas presented are complex, and Huxley writes in a very adult-like manner, with exceedingly complicated sentences and very complex vocabulary.

Is Brave New World taught in schools? Aldous Huxley's Brave New World has become an essential part of many high school curriculums.
