Section 1: Ocean Water

Q: What is the composition of ocean water? A: Ocean water is a complex mixture of water and dissolved substances. The most abundant dissolved substance is sodium chloride (common salt). Other dissolved substances include magnesium, calcium, potassium, and hydrogen carbonate.

Q: What is the salinity of ocean water? A: Salinity is a measure of the amount of dissolved solids in water. The salinity of ocean water is typically around 35 parts per thousand (ppt). This means that for every kilogram of ocean water, there are about 35 grams of dissolved solids.

Q: How does temperature affect the density of ocean water? A: The density of a substance is its mass per unit volume. The density of ocean water increases as the temperature decreases. This is because the molecules of water become more tightly packed together at lower temperatures.

Q: What is the pH of ocean water? A: pH is a measure of the acidity or alkalinity of a substance. The pH of ocean water is typically around 8.1. This means that ocean water is slightly alkaline.

Q: What is the role of the ocean in the carbon cycle? A: The ocean plays a major role in the carbon cycle. The ocean absorbs carbon dioxide from the atmosphere and stores it in its waters. The ocean also releases carbon dioxide back into the atmosphere through processes such as photosynthesis and respiration.

Is classical mythology the same as Greek mythology? Classical mythology, also known as Greco-Roman mythology or Greek and Roman mythology, is the collective body and study of myths from the ancient Greeks and ancient Romans.

What are the most important sources of classical mythology? Some of the most important and well-known works of Greek mythology are the epic poems of Homer: the Iliad and the Odyssey. In these, many of the characteristics of the Olympian gods and notable heroes are outlined.

How old is classical mythology? In the Archaic (c. 750 – c. 500 BC), Classical (c. 480–323 BC), and Hellenistic (323–146 BC) periods, Homeric and various other mythological scenes appear, supplementing the existing literary evidence.
