5th International Conference on Sustainable Energy and Environmental Protection: A Recap

The 5th International Conference on Sustainable Energy and Environmental Protection (5th ICSEEP) was held on September 8, 2017, in Yogyakarta, Indonesia. This prestigious event brought together renowned experts, researchers, and industry professionals from across the globe to share their knowledge and perspectives on the pressing issues of sustainability in energy and environmental conservation.

Q: What were the main themes of the conference?

A: The 5th ICSEEP explored a wide range of topics related to sustainable energy and environmental protection, including:

- Renewable energy technologies and innovations
- Energy efficiency and conservation
- Environmental pollution and remediation
- Waste management and recycling
- Climate change mitigation and adaptation

Q: Who were some of the notable speakers?

A: The conference featured a distinguished lineup of keynote speakers, including:

- Prof. Ir. Dwikorita Karnawati, M.Sc., Ph.D., Head of the Meteorology, Climatology, and Geophysics Agency (BMKG)
- Prof. Dr. Ir. Tumiran, M.Sc., Director of the National Energy Council (DEN)
- Dr. Jani Rahayu, S.T., M.Sc., Deputy for the Environment and Natural Resources of the National Research and Innovation Agency (BRIN)

Q: What were some of the key findings and recommendations from the conference?

A: Participants at the 5th ICSEEP discussed a wide range of issues and presented numerous research findings. Key recommendations included:

- Promoting the adoption of renewable energy sources to reduce reliance on fossil fuels
- Enhancing energy efficiency in all sectors to conserve resources
- Implementing effective waste management strategies to minimize pollution
- Strengthening environmental regulations and enforcement to protect ecosystems
- Fostering collaboration and knowledge sharing among stakeholders to accelerate progress towards sustainable development

Q: What was the impact of the conference?

A: The 5th ICSEEP provided a valuable platform for experts and practitioners to exchange ideas, disseminate research, and inspire collaborations. The conference raised awareness about the urgent need for sustainable practices and encouraged discussions on innovative solutions to the challenges facing our planet.

Q: What are the future plans for the ICSEEP series?

A: The 5th ICSEEP was a resounding success, and the organizers are already planning for future events in the series. The 6th ICSEEP is scheduled to be held in 2023, with the aim of continuing the dialogue on sustainable energy and environmental protection and fostering global collaboration to address these critical issues.
