How many albums did John Lennon make? Here we look critically at the twelve albums that Lennon released either solo or in collaboration with Yoko during his lifetime.

What were John Lennon's last words? According to a new three-part docuseries, John Lennon's final words were "I'm shot". Why is Kamala Harris rising in the polls? Here is what we know now.

Yoko Ono entered an agreement with Sony Music on behalf of John Lennon due to a law allowing songwriter's heirs being able to claim in their name if a songwriter is to die within 28 years of writing the song. Meaning Yoko Ono will continue to retain control of Lennon's royalties until 2050.

What was John Lennon's biggest solo hit? There is a driving beat to "Whatever Gets You Through the Night" that stands out among Lennon's solo singles. As his only #1 solo song during his lifetime, the song has a certain pop quality that is reminiscent of Lennon's work with the Beatles, so its popularity should not be surprising.

scattered in Central Park, in sight of the Dakota.

It took a while for everything to come together, and after a grueling 16 years of litigation in Surrogate's Court, Yoko finally settled with Julian for an undisclosed amount. However, rumor has it that the settlement was approximately \$25 million—nowhere close to what Julian would have received if John had no will.

Which Beatle abandoned his son? "Very weird," says Julian. Julian, 35, is the Sixties child of John Lennon and his first wife, Cynthia; he was abandoned by his father when he was five and only recently received a share of the vast Lennon estate. John had no public funeral per the wishes of the ever-eccentric, and considerably manipulative Yoko Ono.
