**Are launch diagnostic tools any good?** If you're looking for an OBD scanner that has lots of diagnostic power and a large screen to show what's going on inside your ride, look no further than the Launch CRP 123 Professional. Not only can it interrogate every major aspect of the car, but it is a lot easier to handle than other horizontal scanners.

**Who makes launch scan tools?** Launch Tech Co Ltd was founded in 1992 and is the first professional high-tech company in China for developing and producing a full range of Auto Diagnosis, Auto Testing, Auto Cleaning equipment and service solutions for workshop.

**How do I contact launch USA?** Toll Free: 1-877-528-6249.

**How do you use car diagnostic tools?**

**What is better, Autel or Launch?** In the cost comparison between Autel vs Launch, Launch comes up most often as the preferred choice for value for money.

**Which car diagnostic is best?**

**Are Launch and Autel the same company?** Launch and Autel are two renowned brands that manufacture automotive diagnostic devices. Both brands provide a variety of products with diverse features and price ranges. Launch, a Chinese company, has been operating in the automotive diagnostic tool industry since 1992.

**Where are Launch products made?** More Info on Launch Tech USA Its products, including scan tools, are developed and manufactured by Launch Tech Co., Ltd. ("Launch China"), a public company headquartered in China. The product line is broken up into two divisions: automotive diagnostics, and under-car service including

lifts and alignment equipment.

**Is Topdon the same as Launch?** I just talked to a Launch rep at the WorldPAC STX Convention and he told me Topdon is not a rebranded Launch, they have nothing to do with each other and are completely different companies.

**How do I contact launch servicing?** Have a Question? No matter where you are, we are able to help with your questions. Call your Launch Servicing lending specialist at (877) 354-2629, Monday through Friday, 7 AM to 7 PM central time.

**What can launch CRP123 do?** Functions of CRP123 Premium include: Enhanced data for ABS, SRS, transmission & engine. Auto-vehicle Id, Auto module search and ultra-fast protocol ID. Reads and clears codes on engine transmission (A/T), ABS and airbag (SRS) systems.

**What is OBD2 diagnostic tool?** OBD-II codes, or trouble codes, tell you specifically what's wrong with your car – from the transmission to the ignition, to brakes and airbags. An OBD-II code reader is an electronic device that plugs into your vehicle's OBD-II port, usually located under the steering column.

**Can I scan my car with my phone?** By downloading the TopGuru app for Apple or TopScan app for Android and syncing it to your scanner, you can connect the TopScan to your car's OBD2 port, which is commonly found on the driver's side of the vehicle, often behind a removable cover.

**Do diagnostic tools work on all cars?** Since 1996, all cars have come with OBD-II. OBD-II stands for On-Board Diagnostics and it is a standardized gateway into your vehicle's computer. But in order to read all the data on your car's computer, you are going to need a specialized reader.

**Is Launch diagnostic tool good?** Overall, it's a great investment for maintaining any vehicle's health whether you're a professional or a diy'er. This scanner seems to be able to keep up with the big tool truck brands. It is easy and intuitive to use,

performs well, good battery life, nice size screen, and everything seems to function as designed.

**Are Autel scanners made in China?** A: Autel or AutelTech is a Chinese company. Its Chinese name is 奥泰尔 and Chinese website is <http://www.auteltech.cn/>. Regardless, this AL619 is an awesome product. Thank you for your feedback!

**Which is better, Foxwell or Autel?** The Autel is faster and has a cleaner interface, but the Foxwell does more. It is a tough decision to make about which one will be better for you. I purchased both and have used both. Recently picked up an MD802 all system and an NT510 Chrysler.

**Is it worth buying a car diagnostic tool?** An OBD-II scanner can point you in the right direction—and potentially save you a bundle. The check-engine light suddenly appearing on your dashboard is enough to dampen any drive. For the unprepared, the first reaction may be imagining the worst-case scenario. Luckily, it doesn't have to be that way.

**Can an OBD2 scanner damage an ECU?** Although rare, incorrect usage of an OBD2 scanner could damage an ECU.

**Which diagnostic company is best?**

**Are Launch and Autel the same company?** Launch and Autel are two renowned brands that manufacture automotive diagnostic devices. Both brands provide a variety of products with diverse features and price ranges. Launch, a Chinese company, has been operating in the automotive diagnostic tool industry since 1992.

**Are Launch and kingbolen the same?** Also, Kingbolen Electric Technology Co., Ltd. is the agent of LAUNCH®, THINKCAR®, OBDSTAR®, focusing on the automotive diagnostic industry for 20 years. We have implemented a comprehensive quality control system. We rely on advanced instruments.

**Is it worth buying a diagnostic tool?** Are OBD scanners worth it? They're the fastest way to troubleshoot a problem. Without an OBD reader, you'll have to visit a garage to have the fault code identified for you – and with hourly labour rates at independent garages averaging around £50, that's something none of us wants to do.

**Is Topdon the same as Launch?** I just talked to a Launch rep at the WorldPAC STX Convention and he told me Topdon is not a rebranded Launch, they have nothing to do with each other and are completely different companies.
