2017-2018 Roadmap for Teams in Maine Destination Imagination

Q: What is Destination Imagination (DI)? **A:** Destination Imagination is a global educational program that encourages creativity, problem-solving, and teamwork in students from kindergarten through college. Students participate in challenges that require them to use science, technology, engineering, and the arts to solve complex tasks.

Q: What is the Maine Destination Imagination Roadmap for 2017-2018? **A:** The 2017-2018 Maine DI Roadmap outlines the key events and milestones for teams participating in the program. It includes information about team registration, challenge training, regional tournaments, and the state tournament.

Q: When is the deadline for team registration? **A:** The deadline for registering teams for the 2017-2018 season is September 8, 2017. Teams can register online at the Maine Destination Imagination website.

Q: What are the different types of challenges? **A:** There are four types of challenges in Destination Imagination: Technical, Scientific, Fine Arts, and Improvisational. Technical challenges require students to design and build structures, devices, or vehicles. Scientific challenges focus on solving real-world problems using science and technology. Fine Arts challenges involve creating original works of art, music, or dance. Improvisational challenges challenge students to think on their feet and work collaboratively to complete a task.

Q: What is the state tournament? **A:** The Maine Destination Imagination State Tournament will be held on March 10-11, 2018 at the Augusta Civic Center. The top three teams in each challenge at the regional tournaments will advance to the state tournament. The state tournament winners will then compete in the Destination Imagination Global Finals in May 2018.
