Alison Hardtmann They can be read in any order or just singly. Each one stands on its own. Terri I didn't read the other two of the series and liked this one on its own.

**Does it matter what order you read the never after series?** A: No. The Never After Series is a collection of complete standalones and can be enjoyed in any order. **Do you have to read the Touch of Darkness series in order?** Question: Which reading order do you recommend? Answer: I would say Darkness, Fate, Ruin, Retribution, Malice, Gods, then Chaos. HOWEVER, you can really read however you want except I do recommend reading Gods before Chaos.

**Do the DD Warren books need to be read in order?** Lisa Gardner No. In terms of plot, all stand alone and provide resolution. For the sake of character development, you may enjoy reading them in order.

**Do the Dark Hunter novels need to be read in order?** None of the books have to be read in order. You can start any series anywhere. Sherri has written each book as a stand alone for those who might pick one up without having prior knowledge of the others.
