

# EDUCATION GUIDANCE AND COUNSELLING

## Download Complete File

**What is the meaning of academic counselling?** Academic counseling is an ongoing educational process that connects the student to the College. Academic counseling assists in preparing the student for learning beyond the confines of the classroom.

**What is the scope of guidance and Counselling?** The scope of Guidance is to: Provide the needed information and assistance. Help individuals make wise choices. Improve one's understanding of self.

**What is guidance and counselling in education?** The class teacher is responsible for the guidance in cooperation with other teachers. Guidance and counselling promote the development of pupils' study capabilities and skills and supports pupils in gradually assuming more responsibility for their schoolwork, assignments and personal belongings.

**What are the three main types of counselling?** Essentially, there are three types of counseling: individual, family (which may also include couples), and group counseling. Each type offers a variety of benefits based on the client's needs.

**What is the goal of Counselling?** Counselling is the skilled and principled use of relationship to facilitate self-knowledge, emotional acceptance and growth and the optimal development of personal resources. The overall aim is to provide an opportunity to work towards living more satisfyingly and resourcefully.

**What are the basic principles of counselling?**

**Why is counselling needed?** Counseling provided by trained professionals can make a profound impact on the lives of individuals, families and communities. This service helps people navigate difficult life situations, such as the death of a loved one, divorce, natural disasters, school stress and the loss of a job.

**Why is academic counseling important?** Effective academic advising is key to connecting students' academic opportunities with their future goals. It provides a supportive framework that helps students overcome obstacles and encourages personal growth, crucial for both academic success and career preparation.

**What is the objective of academic counselor?** To apply my experience in providing academic guidance, advice, and support to students seeking higher education opportunities as an Academic Counselor. Aiming to join a team of professionals dedicated to helping students achieve their academic goals by working as an Academic Counselor.

**What is the simple definition of counselling?** Counselling is a form of 'talk therapy'. It is a process where an individual, couple or family meet with a trained professional counsellor to talk about issues and problems that they are facing in their lives.

**What is the counselor's role in student academic achievement?** The School Counselor's Role Provide opportunities for students to: Enhance their belief in development of whole self and ability to succeed. Develop a positive attitude toward work and learning. Make decisions informed by evidence, considering others' perspectives and recognizing personal bias.

## **The Political System: An Inquiry into the State of Political Science**

Political science, the study of politics and government, is a vast and complex field with a long and rich history. In recent years, the discipline has undergone significant change, as scholars have sought to adapt to the challenges of globalization, technological change, and the rise of new political movements.

### **1. What is the political system?**

The political system is the framework of rules, institutions, and processes through which power is exercised in society. It includes the government, the legislature, the judiciary, and the bureaucracy, as well as the political parties and interest groups that operate within it. The political system serves to allocate resources, resolve disputes, and provide for the common good.

## **2. What are the different types of political systems?**

There are many different types of political systems, each with its own unique characteristics. Some of the most common types include:

- **Democracy:** A form of government in which the people have the ultimate power.
- **Authoritarianism:** A form of government in which all power is concentrated in the hands of a single person or group.
- **Totalitarianism:** A form of government in which the government has complete control over all aspects of society.

## **3. What are the challenges facing political systems today?**

Political systems around the world are facing a number of challenges, including:

- **Globalization:** The increasing interconnectedness of the world has made it more difficult for governments to solve problems independently.
- **Technological change:** The rapid pace of technological change has created new challenges for governments, such as the need to regulate new technologies and protect citizens from online threats.
- **The rise of new political movements:** The rise of new political movements, such as populism and nationalism, has challenged traditional political systems.

## **4. What is the future of political science?**

The future of political science is uncertain, but it is clear that the discipline will continue to play an important role in understanding the world around us. Political scientists will need to adapt to the challenges of globalization, technological change,

and the rise of new political movements. They will also need to develop new theories and methods to help us understand the increasingly complex world in which we live.

## **5. What can I do to learn more about political science?**

There are many ways to learn more about political science. You can take courses in political science at your local university or college, read books and articles on the subject, or attend conferences and workshops. You can also get involved in political activities, such as volunteering for a campaign or working for a political organization.

**How to study for IB French ab initio?** Regular reading practice is key to doing well in this paper. To prepare for Paper 2 of the IB French ab initio exam, practice writing short messages and essays in French. Focus on everyday topics and use simple sentences. Learn basic French grammar and vocabulary, and practice using them in your writing.

**Is IB French ab initio hard?** If you're an absolute beginner with no prior experience in French, you might find the course quite challenging. IB offers 'ab initio' courses in several languages, including French, which are designed for beginners.

**How to get a 7 in French IB?** To achieve a 7 in IB French, it is crucial to understand the different sections of the exam. The exam comprises of four primary sections: Reading Comprehension, Listening Comprehension, Writing, and Oral. Each section assesses the student's comprehension of the French language in distinct ways.

**How to ace IB French paper 1?** First, you need to show a good command of the language. Build up a wide vocabulary on all of the themes so you can demonstrate variety. Show that you understand the rules of grammar as that will enhance what you're trying to say. You will also set yourself apart if you use idioms and expressions.

**What level is IB French ab initio?** 1) IB French ab initio SL is a two-year course designed for students who have no prior knowledge of the French language and plan to take the IB exam at the end of the second year.

**Is IB accepted in French universities?** Students who take the IB diploma at the end of high school are accepted into all areas of French higher education: medicine, law, business schools such as Essec, ESCP or HEC, Sciences Po, as well as

preparatory classes, the bachelor's degree at Polytechnique, etc.

**What are the 5 hardest IB subjects?** Subjects generally considered hardest in IB – Math Analysis and Approaches (AA) HL, Sciences (HL), History HL, English Literature HL, and Computer Science HL.

**What is the hardest IB subject to get a 7 in?** Attaining top grades in History HL can be particularly arduous, with only 3.7% of students achieving a score of 7. With a low rate of top grades, students often benefit from the guidance of an IB History tutor to enhance understanding and essay skills.

**Is IB ab initio easy?** While the level of French for Ab Initio is basic, learners are starting from scratch. So this means it is no easy choice.

**Is 7 in IB good?** A score of 7 in IB is often considered equivalent to an A+ or A\* in other grading systems, such as the British A-levels or the American Advanced Placement (AP) program.

**How many people get a 7 in IB?** In 2020 11.9% of candidates got a 7, that includes SL and HL exams. This varies by subject, in language acquisition the rate was 21% but in the arts is only 4%. These rates have been fairly flat. But you take 6 subjects in IB, and usually only 3 at A-level.

**What is a 7 in IB equivalent to?** In the higher level individual courses 7 is equivalent to A Level A\* and 3 equivalent to E. In the standard level individual courses, 7 is equivalent to AS Level A and 3 equivalent to E. About 79% of Diploma students internationally are awarded the Diploma each examination session.

**How to get better at IB French?** IB French Listening: Watch French films, TV documentaries or soap operas. Listen to news bulletins on the radio, podcasts or French songs. Do whatever you can to immerse yourself in the language and culture. It's also a good idea to practise getting used to regional accents or the French spoken in different countries.

**How to revise for French IB?** Flashcard memorisation and language practice can be effective study tools for IB French. Flashcards can help focus the student's attention on the most important language points, while language practice allows for the application of the knowledge. This approach can help strengthen knowledge of

the language.

### **How to pass the IB exam?**

**Is doing French ab initio equal to A1 French?** Ab Initio would be between A1 and A2, closer to A2 than A1. If you're confident that you'd get a 7 in about Initio French, considering putting in some extra effort and going for DELF A2 as well.

**What are the themes of IB French ab initio?** The language ab initio syllabus is organized into five prescribed themes: identities, experiences, human ingenuity, social organization and sharing the planet.

**What is the highest IB grades?** 1-7 Grading Scale: IB subjects are graded on a scale of 1 to 7, with 7 being the highest achievable grade, representing exceptional achievement. Total Score: The total IB Diploma score is out of 45, combining subject grades with up to 3 additional points from the Theory of Knowledge (TOK) and the Extended Essay (EE).

**What IB score is needed for MIT?** Based on available data, the average IB score of students admitted to MIT generally ranges around 40-42. It suggests that the average admitted student does not just meet the university IB requirements but excels in them.

**Does Harvard like IB students?** The fact of the matter is that Harvard does take IB scores into consideration. If you score well on your IB diploma, then that makes you a very strong applicant for the IB this way. Non-IB applicants in fact, have a 5.1% chance of getting in, whereas this is 12.2% for those who have an IB diploma.

**Which is better, IB or BAC?** In conclusion, the choice between the IB and French Baccalaureate ultimately depends on your preferences, aspirations, and learning style. The IB offers a global perspective, flexibility, and a holistic education, while the French Baccalaureate celebrates tradition, academic rigour, and specialisation.

**How to prepare for French B IB?** Understanding the format, content, and expectations of the IB French exam is essential for effective preparation. Immersing oneself in the language through conversation with native speakers, watching French films and TV programmes, and practising writing short essays can improve language skills.

**How to study for IB language B?** Use good-quality study resources like our Ultimate IB Language B Study Guide, or books, news articles, and podcasts into your reading and listening practice to improve comprehension and expand vocabulary.

**How to study for IB Spanish ab initio Paper 1?** Your job is to understand and answer questions about these texts. The questions check if you can get the main ideas and details from the texts. In Paper 1 of the IB Spanish ab initio exam, quickly read the texts first to get the main idea. Focus on words you know to understand the text better.

**How do I study for the IB program?**

### **Song of the Dodo: Unraveling the Extinction of an Iconic Bird**

**What is the "Song of the Dodo"?**

The "Song of the Dodo" is a popular phrase used to describe the extinction of a species. It refers to the fact that the dodo bird, once a common sight on the island of Mauritius, is now extinct due to human hunting and habitat loss. The term "song" is metaphorical, as there is no evidence that the dodo could produce any recognizable vocalizations.

**When and How Did the Dodo Become Extinct?**

The dodo became extinct around the year 1690. Its extinction was caused by a combination of factors, including:

- **Hunting:** Sailors and settlers hunted the dodo for food, as it was a large, flightless bird that was easy to catch.
- **Habitat Loss:** The dodo's habitat was destroyed as humans cleared forests for agriculture and introduced non-native animals, such as rats and pigs.
- **Introduced Species:** These non-native species preyed on the dodo's eggs and chicks, further reducing its numbers.

**What Can We Learn from the Dodo's Extinction?**

The dodo's extinction serves as a cautionary tale about the dangers of human activities to wildlife. It highlights the importance of conservation measures to protect endangered species and their habitats. The dodo's extinction also reminds us of the fragility of life and the need to value all species, no matter how seemingly insignificant.

### **Is There Any Hoffnung for the Dodo's Revival?**

Once a species is extinct, it is impossible to bring it back to life. However, the dodo's closest living relative, the Rodrigues solitaire, could potentially be used to reconstruct a "dodo-like" bird through genetic engineering. This approach is still highly speculative and raises ethical concerns, but it highlights the potential for scientific advancements in the field of species conservation.

### **Conclusion**

The "Song of the Dodo" is a tragic reminder of the devastating consequences of human actions on wildlife. While the dodo may be gone, its legacy lives on as a symbol of the importance of conservation and the need to cherish the diversity of our planet's ecosystems.
