Your Emotional Bank Account: Questions and Answers

What is an Emotional Bank Account?

An emotional bank account is a metaphor for the reservoir of positive and negative emotions that we build up in our relationships with others. Just like a financial bank account, our emotional bank account can have a balance of positive or negative funds. When the balance is high, we feel connected, supported, and loved. When the balance is low, we feel isolated, rejected, and unsupported.

How do I build a positive emotional bank account?

There are many ways to build a positive emotional bank account. Some of the most effective strategies include:

- **Making deposits.** This means doing things that make others feel good, such as expressing appreciation, offering support, or being a good listener.
- **Avoiding withdrawals.** This means avoiding things that make others feel bad, such as being critical, disrespectful, or dismissive.

- **Making repairs.** If you make a withdrawal, it's important to make a repair by apologizing and making things right.

How do I maintain a positive emotional bank account?

Maintaining a positive emotional bank account is an ongoing process. It requires regular deposits and repairs. It also requires being mindful of your withdrawals and trying to minimize them.

What are the benefits of having a positive emotional bank account?

There are many benefits to having a positive emotional bank account. These benefits include:

- **Stronger relationships.** People are more likely to want to be around you when you have a positive emotional bank account.
- **Increased happiness.** When you have a positive emotional bank account, you are more likely to feel happy and content.
- **Reduced stress.** When you have a positive emotional bank account, you are better able to handle stress and adversity.

How do I know if my emotional bank account is in trouble?

There are a few signs that your emotional bank account may be in trouble. These signs include:

- **You feel isolated and alone.**
- **You feel unsupported and unloved.**
- **You feel like you're always giving and never receiving.**
- **You're constantly making withdrawals and never making deposits.**

If you're experiencing any of these signs, it's important to take steps to address the problem. This may involve talking to a therapist, counselor, or trusted friend.
