

BUSINESS ETHICS AND SOCIAL RESPONSIBILITY BY FLORIANO ROA

[Download Complete File](#)

What is the concept of business ethics and social responsibility? Business ethics are often codified into a company's code of conduct, which outlines the company's expectations for employee behavior and decision-making. Social responsibility is a company's commitment to doing what is right for the community, environment, and stakeholders.

What is entrepreneurial ethics and social responsibility? Entrepreneurial ethics and social responsibility are critical components of building and maintaining a successful business in today's world. As an entrepreneur, it is essential to understand the ethical implications of your decisions and actions, as well as your company's impact on society and the environment.

What is the difference between ethical issues and social responsibility issues as they apply to this problem? Ethics speak to individual, occupational, organizational, or societal morals and values, while social responsibility is the practical application of ethical concerns for the benefit of society as a whole.

Do business and ethics go hand in hand? This being the case, it would be in a company's best interest to promote universal ethically good behavior in the workplace. A positive reputation leads to higher profits and provides better service for the public. Ethics and business go hand in hand, and cannot effectively be separated.

What is the relationship between social responsibility and ethics? Social Responsibility and Ethics. Social responsibility is an ethical theory in which individuals are accountable for fulfilling their civic duty, and the actions of an

individual must benefit the whole of society. In this way, there must be a balance between economic growth, the welfare of people, and the environment.

What are examples of social responsibility and ethics? Examples of social responsibility in corporations Changes to company policies to improve or benefit the environment: Companies are holding tree-planting events, minimizing paper waste, switching to energy-saving bulbs, setting up recycling bins and allowing remote work to reduce the negative impact of commuter traffic.

Why do we need to study business ethics and social responsibility? It fosters trust, integrity, and transparency, enabling businesses to build solid reputations and long-lasting relationships with stakeholders. By upholding ethical standards, companies create an environment that attracts and retains top talent, drives customer loyalty, and mitigates legal and reputational risks.

What are the challenges of business ethics and social responsibility? Ethical Challenges Businesses and their employees, managers, and owners face a variety of ethical issues as they go about their working lives. Ethical issues include conflicts of interest, bribes, conflicts of loyalty, and issues of honesty and integrity.

How do the terms business ethics and social responsibility differ from each other? Business ethics concerns the impact of the entire business's activities on society, whereas social responsibility relates to a work group's decisions that society evaluates as right or wrong.

How can social responsibility and ethics work together in an organization? Social responsibility is a business's duty to make ethical decisions that positively impact society. Organizations need to consider how their actions affect communities to create long-lasting trusting relationships. In order to be socially responsible, companies must strictly follow their codes of ethics.

Who benefits from businesses' social responsibility? Corporate social responsibility is the concept of incorporating philanthropy, ethics, and activism into business practices to benefit both society and the company itself. Adopting a CSR strategy also helps corporations build closer relationships with their employees and customers.

Why social responsibility and ethical issues in business are important? Ethical behaviour and social responsibility are vital to businesses from a range of perspectives. Not only is good ethical standards a way to impress potential and existing customers – they can also have a big impact on how staff feel about the business, and the ability to recruit top talent.

What not to do in business ethics? Firstly, don't put undue pressure on the staff. They may bend under the pressure and turn toward unethical behavior to get the results you are demanding. Secondly, don't have a culture of fear or silence.

What are the principles of business ethics? Business ethics is an evolving topic. Generally, there are about 12 ethical principles: honesty, fairness, leadership, accountability, integrity, compassion, respect, responsibility, loyalty, respect for the law, transparency, and environmental concerns.

Does ethics really matter in business? People often don't think of corporations as moral or immoral, but companies also consider ethics when making decisions and implementing policies. But why are ethics important in business? A business's ethical—or unethical—behavior can significantly impact its public perception, daily operations, and revenue.

What is the general concept of business ethics? Business ethics refers to implementing appropriate business policies and practices with regard to arguably controversial subjects. Some issues that come up in a discussion of ethics include corporate governance, insider trading, bribery, discrimination, social responsibility, and fiduciary responsibilities.

What is the concept of social responsibility and what is the need for social responsibility? Social responsibility is an ethical concept in which a person works and cooperates with other people and organizations for the benefit of the community. Social responsibility from businesses such as providing recycling bins can in turn provide opportunities for people to be socially responsible by recycling.

How do the terms business ethics and social responsibility differ from each other? Business ethics concerns the impact of the entire business's activities on society, whereas social responsibility relates to a work group's decisions that society

evaluates as right or wrong.

What is the difference between business ethics and social responsibility Quizlet? A difference between business ethics and social responsibility is that business ethics: relates to an individual's or a work group's decisions that society evaluates, whereas social responsibility concerns the impact of an entire business's activities on society.

Did Marilyn Monroe have a child? Does Marilyn have any children? No. Although Marilyn was married three times (first to James Dougherty, followed by baseball star Joe DiMaggio and playwright Arthur Miller), she did not have any children before her death in 1962. However, she really wanted to have a family and did have multiple documented pregnancies.

Is there an accurate biography of Marilyn Monroe? These are: Legend: The Life and Death of Marilyn Monroe , which is considered the best second book after the one written by Donald Spoto and The DD Group: An Online Investigation Into the Death of Marilyn Monroe by David Marshall. Another excellent book is Marilyn Monroe: Private and Undisclosed by Michelle Morgan.

What ethnicity was Marilyn Monroe? Monroe was born Norma Jeane Mortenson on June 1, 1926, at the Los Angeles General Hospital in Los Angeles, California. Her mother, Gladys Pearl Baker (née Monroe; 1902–1984), was born in Piedras Negras, Coahuila, Mexico to a poor Midwestern family who migrated to California at the turn of the century.

Who wrote Marilyn Monroe's biography? Donald Spoto Spoto's biography of Hollywood icon Marilyn Monroe makes use of over 150 interviews and more than 35,000 pages of previously sealed files, including Monroe's diaries, letters, and other personal and revealing documents.

Who inherited Marilyn Monroe's money? Monroe died at age 36 on Aug. 4, 1962, and in her will left 75 percent of her physical property and IP rights to her acting coaches, Actors Studio legend Lee Strasberg and his second wife, Paula, who would die in 1966. Lee married Anna a year later. With Lee's death in February 1982, Anna inherited the Monroe estate.

What made Marilyn Monroe so special? Famous for playing comedic "blonde bombshell" characters, she became one of the most popular sex symbols of the 1950s and early 1960s and was emblematic of the era's sexual revolution. She was a top-billed actress for only a decade, but her films grossed \$200 million by the time of her death in 1962.

Who is Marilyn Monroe's closest living relative? The only other known living relative is Francine Deir, 76, from Virginia, who only found out this year that she is connected to Marilyn. That came after a French film company matched up her DNA through her grandfather - and Marilyn's father - Charles Gifford.

Was Marilyn Monroe a natural blonde? In 1950, Norma purchased herself a bottle of peroxide dye before heading to a screen test. Entering her bathroom a natural curly-haired redhead, Norma emerged as the most iconic blonde of all time: Marilyn Monroe. Yep, you read right, Marilyn Monroe's natural hair colour is red.

How much would Marilyn Monroe be worth today? When Monroe died, she was single and childless. She had a net worth of \$800,000, approximately \$7 million today. Monroe lived lavishly and spent her money freely on clothing, jewelry and her home. She was also extremely generous to her friends and employees.

Was Marilyn Monroe shy? "Marilyn was very shy and very sweet and far more intelligent than people gave her credit for," Jane Russell said about her co-star.

How old would Marilyn Monroe be today? Determine the current year: Let's assume the current year is 2022. 2. Calculate the difference between the current year and Marilyn Monroe's birth year: Current year - Birth year = Age $2022 - 1926 = 96$ 3. Marilyn Monroe would be 96 years old if she were alive today in the year 2022.

Did Marilyn Monroe know her half sister? My Sister Marilyn: A Memoir of Marilyn Monroe was published on June 1, 1994 (on Monroe's birthday and 50 years after the half-sisters first met). Miracle co-authored the book with her daughter Mona; it tells the story of her rare meet-ups with Monroe, up until the latter's death.

Who was the first black Marilyn Monroe? The actress and activist was known as 'The Bronze Blond Bombshell'.

How did Marilyn Monroe get discovered? A photographer “discovered” the naturally photogenic Norma Jeane while she was working in a California munitions factory, and she was soon launched into a successful modeling career. She divorced Dougherty in June 1946 and soon after signed a film contract with 20th Century Fox.

Who was Marilyn adopted by? Hollywood star Marilyn Monroe lived in foster homes until the age of seven, when her mother's best friend, Grace McKee, became her legal guardian.

How rich was Marilyn when she died? What is Marilyn Monroe's net worth? Celebrity Net Worth estimates Monroe's estate was worth around \$800,000 at the time of her death which is around \$7.8 million in 2022 adjusting for inflation. During her career, she earned little under \$3 million (\$24 million by today's economy) from film salary.

Who owns Marilyn Monroe now? In 2011, Authentic teamed with NECA, a global media and entertainment company, to acquire the majority stake in Marilyn Monroe LLC from Anna Strasberg, the third wife of the late Lee Strasberg, the acting coach who was like a father to the actress. Upon her death, Monroe left the bulk of her estate to him.

What was Marilyn Monroe's favorite color? Monroe loved wearing basic colors: beige, black, white and nude tones. The last time she wore red was at the 1958 “Gigi” movie premiere in Hollywood because the event called for wearing the color. Her favorite shoes were bone-colored pumps because she felt they lengthened her legs.

Television Video Engineering: Q&A with Gulati

Q: What is television video engineering?

A: Television video engineering is the engineering discipline involved in the design, development, and operation of television systems. It encompasses the transmission, reception, and processing of video signals for broadcast, cable, and other distribution platforms.

Q: What are the key components of a television video system?

A: A television video system typically consists of:

- **Video source:** Generates the video signal (e.g., camera, video player)
- **Video transmission equipment:** Transmits the signal to viewers (e.g., satellite, cable)
- **Video receiver equipment:** Receives and decodes the signal (e.g., television, set-top box)
- **Video display device:** Displays the video image (e.g., CRT, LCD)

Q: What are the different video signal formats?

A: There are various video signal formats, including:

- **Analog:** Continuous electrical signals that represent video information (e.g., NTSC, PAL)
- **Digital:** Discrete binary signals that encode video information (e.g., MPEG-2, H.264)
- **High Dynamic Range (HDR):** Expanded color space and brightness range for enhanced visual quality

Q: What factors affect video quality?

A: Video quality is influenced by several factors, such as:

- **Resolution:** Number of pixels in the horizontal and vertical directions
- **Frame rate:** Number of frames per second
- **Compression:** Algorithm used to reduce the size of the video signal
- **Signal-to-noise ratio (SNR):** Ratio between the desired signal and unwanted noise

Q: What are emerging trends in television video engineering?

A: Emerging trends include:

- **Ultra-high-definition video (UHD):** Resolutions beyond 4K (3840x2160)

- **Virtual and augmented reality:** Immersive video experiences
- **Artificial Intelligence (AI):** Automation and optimization of video processing
- **Internet Protocol TV (IPTV):** Delivery of video content over the internet
