Tarot: El Espejo del Alma

¿Qué es el Tarot?

El Tarot es una antigua herramienta de adivinación que consta de 78 cartas divididas en dos grupos: los Arcanos Mayores (22 cartas) y los Arcanos Menores (56 cartas). Cada carta representa un arquetipo o símbolo que refleja aspectos de nuestra psique, relaciones y experiencias de vida.

¿Cómo funciona el Tarot?

Cuando se hace una lectura del Tarot, el consultante se concentra en una pregunta o situación específica. El lector baraja las cartas y extrae un número predeterminado para formar una disposición. Las cartas extraídas y su relación entre sí proporcionan información sobre el pasado, presente y futuro del consultante.

El Tarot como Espejo

Como espejo, el Tarot refleja nuestro estado interior, pensamientos, emociones y patrones de comportamiento. Las cartas actúan como ventanas a nuestra psique, destacando fortalezas, vulnerabilidades y oportunidades de crecimiento. Al interpretar las cartas, podemos obtener una comprensión más profunda de nosotros mismos y de las dinámicas de nuestras vidas.

Preguntas y Respuestas sobre el Tarot

¿El Tarot es predictivo?

El Tarot no es una herramienta predictiva en el sentido literal. Más bien, proporciona información sobre tendencias y patrones potenciales en nuestras vidas. Las decisiones que tomamos y las acciones que emprendemos influyen en el resultado de nuestro viaje.

¿Es seguro usar el Tarot?

El Tarot es una herramienta segura cuando se usa con respeto y conciencia. Sin embargo, es importante recordar que las lecturas no deben interpretarse como un evangelio absoluto. Son solo una guía para ayudarnos a conectarnos con nuestra sabiduría interior y tomar decisiones informadas.
