paste the URL of your profile, and click “Get Verification Information”. Check your email inbox for an identity verification email from Apollo.io and click “Download File” within the email.

How do I prevent Apollo?

Can you dry clean too often? How often should you dry clean your best attire depends on the type of garment and how often you wear it. But as a general rule, most dry-clean-only items should visit the cleaner every three to four wears, and proper care of your garments in between professional cleanings is just as important as dry cleaning itself.

What happens to dry clean only? Dry clean only clothes should not be washed in a regular washing machine as it can cause shrinkage, color bleeding, and fabric distortion. Ignoring the dry clean only instructions can lead to costly consequences such as damage that may require expensive repairs or replacement of the garment.

Can I soak dry clean only? Always test items tagged "dry clean" before laundering at home. Do not wash items tagged "dry clean only", as this typically means the item is not designed to be submerged in water.

Should Apollo Neuro be worn on wrist or ankle? Wearing Apollo on your wrist We recommend wearing your Apollo on the inside on your wrist or ankle, but it can also be worn on the outside of either. We recommend size Medium Bands to fit most adult and teen wrists.

Where is the best place to wear Apollo?

Can Apollo Neuro get wet? The Apollo Neuro™ wearable is water-resistant. It is not waterproof—we do not recommend wearing Apollo Neuro in the shower, bath, or while swimming.

What is Apollo leather? Apollo leather, like Toledo leather, is a covered type of leather that has a solid finish and protective layer. This makes Apollo leather easy to maintain and very suitable for intensive use. The transparent finish layer provides extra protection against moisture and dirt.
