**What happened in chapter 8 of Swami and Friends?** Two weeks before his April school exams, Swami notices that his father is becoming more strict about making him study. **What's the difference between chapter 7 and Chapter 11?** Chapter 7 is considered a liquidation bankruptcy: it doesn't require a repayment plan but the business has to sell some assets to pay creditors. **What happened during Chapter 7?** A chapter 7 bankruptcy case does not involve the filing of a plan of repayment as in chapter 13. Instead, the bankruptcy trustee gathers and sells the debtor's nonexempt assets and uses the proceeds of such assets to pay holders of claims (creditors) in accordance with the provisions of the

Bankruptcy Code.
