Why was The Exorcist banned? From religious groups denouncing its content as immoral to audience members fainting and vomiting during its theatrical run, the overblown reaction to The Exorcist is most of the reason why it's synonymous with the phrase "scariest film ever made" despite how comparatively tame it can now appear.

Why is The Exorcist so disturbing? Infamous scenes include Regan urinating on the carpet in front of dinner guests, stabbing at her genitals with a crucifix, desecrating a statue of the Virgin Mary, and, of course, the head-spinning scene. There is also the possessed Regan's use of obscene and graphic language.

Is The Exorcist based on a true story? While its sensationalized depiction of demonic possession has all but defined this type of narrative in the popular imagination, the material itself is loosely based on a real-life case from 1949, where Father William Bowdern performed a series of exorcisms on a 14-year-old boy.

What happened while filming The Exorcist? The making of The Exorcist is almost as storied as the film itself. During the shoot, several of the cast – and their family members – died unexpectedly, including Blair's grandfather. Production had to be halted after a sudden electrical fire burnt down the set; a pigeon had flown into a lightbox.

What happened to people when they watched The Exorcist? Audience Reactions to The Exorcist Others fainted, or left the theater, nauseous and trembling, before the film was half over. Several people had heart attacks, a guard told me. One woman even had a miscarriage, he said," the New York Times reported.

What scene was removed from The Exorcist? One Exorcist moment that took decades to get noticed was The Exorcist spider walk scene, in which Regan walks backward down the stairs on her hands with a mouthful of blood. The reason it went under the radar is that The Exorcist spider walk was deleted from the film's initial 1974 release, only being restored later.
