Who wrote the 10 non-commandments? Bayer and Figdor's Ten Non-Commandments (2014) We use rational thought and language as tools for understanding the world. All truth is proportional to the evidence. There is no God. We all strive to live a happy life.

Who actually wrote the 10 Commandments? According to the Book of Exodus in the Torah, the Ten Commandments were revealed to Moses at Mount Sinai, told by Moses to the Israelites in Exodus 19:25 and inscribed by the finger of God on two tablets of stone.

What is the golden rule for atheists? World religions have more in common than most people imagine. A very basic tenet of every religion is what we call The Golden Rule. It is so well known, that even some who claim no religion at all know it: "Do Unto Others As You Would Have Them Do To You."
