**What are the most popular etymological dictionaries of the English language?**

The Oxford Dictionary of English Etymology.

**What is the origin of the words in Persian vocabulary?** External influences.

Loanwords in the Persian language mostly came from Arabic, French, and Turkic languages; though the extent of Turkic influence differs greatly by dialect. Recently, some English loanwords have entered the language as well.

**What is the root of the word god?** God comes from Middle English God, which

comes from Old English God, meaning 'deity'. This comes from Proto-Germanic gud?, from Proto-Indo-European ??utós, meaning 'invoked one', which in itself comes from also PIE ??ewH, or 'to call/to invoke'.

**What is the most advanced dictionary in the world?** More than a dictionary, the

OED is a comprehensive guide to current and historical word meanings in English. The Oxford English Dictionary (OED) is widely accepted as the most complete record of the English language ever assembled.

**Is Persian hard to learn?** Since Persian has not changed significantly in over a

millennium, the basic grammar for the classical and modern forms of the language is virtually the same and is relatively easy to learn.

**What English words are rooted in Persian?** Words such as bar?dar, 'brother';

pedar, 'father'; m?dar, 'mother'; dokhtar 'daughter'; set?reh, 'star'; t?rik, 'dark'; lab, 'lip'; abru, 'eyebrow'; dar; 'door'; and many more illustrate the common Indo-

European genealogy which English and Persian share.

**Is Persian older than Arabic?** As for the question that which of them is older, then Persian takes the prize if we include the history of its earliest version. The Old Persian had been around since 550-330 BC until it transitioned into the Middle version of the tongue in 224 CE. Old Arabic, on the other hand, emerged in the 1st century CE.

**What is the best English etymology dictionary?** The Concise Oxford Dictionary of English Etymology.

**What is the etymological dictionary in English?** An etymological dictionary discusses the etymology of the words listed. Often, large dictionaries, such as the Oxford English Dictionary and Webster's, will contain some etymological information, without aspiring to focus on etymology. Etymological dictionaries are the product of research in historical linguistics.

**What is the etymology of most English words?** About 80 percent of the entries in any English dictionary are borrowed, mainly from Latin. Over 60 percent of all English words have Greek or Latin roots. In the vocabulary of the sciences and technology, the figure rises to over 90 percent.

**What is the most used American English dictionary?** Merriam-Webster: America's Most Trusted Dictionary.
