

# **SOUTH SUDAN CONFLICT ANALYSIS BRIEF**

## **[Download Complete File](#)**

### **South Sudan Conflict Analysis Brief**

#### **Q1: What are the root causes of the conflict in South Sudan?**

- Ethnic tensions between the Dinka and Nuer communities
- Historical grievances and power struggles within the ruling party, the Sudan People's Liberation Movement (SPLM)
- Economic inequality and resource competition
- External factors, such as the involvement of neighboring countries

#### **Q2: Who are the main actors involved in the conflict?**

- Government forces led by President Salva Kiir
- Rebel groups led by former Vice President Riek Machar
- Ethnic militias and local armed groups
- Regional and international forces, including the United Nations peacekeeping mission (UNMISS) and the African Union

#### **Q3: What are the major flashpoints and areas of contention?**

- The control of oil-rich areas in Upper Nile and Unity states
- Access to resources such as water, land, and grazing areas
- Ethnic divisions and tensions in key cities such as Juba and Bor

#### **Q4: What are the key developments and the current situation?**

- A peace agreement was signed in 2018, but has been repeatedly violated
- Fighting has continued, particularly in rural areas
- The humanitarian crisis continues, with millions of people displaced and facing acute food insecurity

**Q5: What are the challenges to resolving the conflict?**

- Lack of trust between the parties
- Political and economic interests
- External actors with competing agendas
- The presence of armed groups and the proliferation of weapons

**What is a tough question in To Kill a Mockingbird?** Chapter 1: An example of a tough question is demonstrated in the earlier pages of To Kill a Mockingbird. Jem's desire to prove he is fearless provides us with a question, why does Jem feel the need to prove he's fearless to Dill, someone he's known for a short amount of time?

**What are the essential questions in To Kill a Mockingbird unit?** Essential Questions: How do people develop compassion and understanding? - How do we evaluate this quality in others? How does society influence our identity and the choices we make? What choices do people make in the face of injustice? How can society's wrongs be righted?

**What does Atticus shooting the dog symbolize?** Atticus shooting the rabid dog symbolizes him as a protector of the community. Here he protects Maycomb from the rabid dog. In the case with Tom Robinson, Atticus is trying to protect the community from its most dangerous element: racism.

**How do most of the town react to Tom's death?** The citizens of Maycomb react to Tom's death in many different ways. The African American community feels angry and upset, but they cannot show it in public. Many racist white people feel that justice was done because a Black man is always guilty, no matter what.

**What is the most sickening thing to Atticus in To Kill a Mockingbird?** "There's nothing more sickening to me than a low-grade white man who'll take advantage of a

Negro's ignorance.”

**What are 3 words that describe Dill in To Kill a Mockingbird?** He conveyed imagination, naivety, and the obviously impressionable traits that a lot of children have. Throughout To Kill A Mockingbird, Dill was imaginative, naïve, impressionable, and independent. One thing about Dill that was extremely obvious was his imagination.

**Why is Scout annoyed with Dill?** In Chapter 5, Scout gets upset because her brother and their friend Dill start leaving her out of their games. Dill and Jem even tell her that she cannot hear their plans because she is a girl. The children are starting to grow up and apart in this chapter.

**What are the three main points of To Kill a Mockingbird?** In To Kill a Mockingbird, the themes of prejudice, family life and courage are explored.

**Why is Boo Radley mockingbirds?** Atticus tells the children that "it is a sin to kill a mockingbird" because the bird's only purpose is to please others with song. They have no intent to harm anyone. His innocent and caring nature makes Boo Radley one of the mockingbirds in the novel. Boo Radley is like a mockingbird; neither intends to bother anyone.

**What does Mrs. Dubose symbolize?** Dubose represents the traditional order of the Confederate South. One way Harper Lee establishes this association is to give Mrs. Dubose a taste for the novels of Sir Walter Scott, whose romantic visions of aristocracy and gentility shaped the Old South's image of itself.

**What does Boo Radley symbolize?** Arthur “Boo” Radley is said to be an outsider who never sets foot outside his house. However, he represents a powerful symbol of kindness and innocence, leaving thoughtful gifts for Scout and Jem in the knothole of the big oak tree and also saving the children when they need it most.

**Why do they call Atticus One-Shot Finch?** In the novel To Kill a Mockingbird, Atticus Finch is nicknamed Ol' One-Shot. This referred to his ability to accurately shoot a shotgun. The nickname is revealed in chapter 10 of the novel.

**What stops Scout from killing a Roly Poly?** Scout prepares to smash the roly poly bug she has been playing with, but Jem tells her to put it on the back steps instead.

After doing so, Scout questions Jem's request. Despite Scout teasing him, Jem insists the bug did nothing to her to deserve death.

**What is Aunt Alexandra's view of femininity?** She disapproves of Scout's tomboy attire and behavior; Alexandra believes Scout should act like a young lady, wear dresses, play with tea sets, and "be a ray of sunshine in [her] father's lonely life.

**Why does Dill start crying in the courtroom?** Answer and Explanation: While Tom Robinson is on the witness stand, Dill begins to cry, supposedly because he doesn't feel well. Once outside the courthouse, Dill indicates he was crying because he couldn't stand Mr. Gilmer, the prosecuting attorney, "talking so hateful to Tom Robinson".

**What is inappropriate in To Kill a Mockingbird?** There are some things you should look out for, such as: - Swearing and use of the n word. I don't suggest watching this with a young kid, but if you do, you should talk to them first about why it's not ok to use those words especially the n word.

**What is the most impactful scene in To Kill a Mockingbird?** The reveal of Boo Radley (Robert Duval) lurking in the shadows of the Finch house to make sure that Scout and Jem are safe — for it was he who saved them from Ewell, killing Ewell in the process.

**Who was the meanest man in To Kill a Mockingbird?** Radley is the meanest man in the town of Maycomb Alabama. Another metaphor about Mr. Radley is when Dill said “inside that house lives a malevolent phantom”.

**Who are the three mockingbirds in To Kill a Mockingbird?** The mockingbird symbolizes innocence and harmlessness. The bird sings beautifully and does not disrupt the surroundings but adds beauty to it. Examples of mockingbirds are the characters Scout and Jem, Boo Radley, and Tom Robinson, all of whom are innocent in their own way.

**What does Dill symbolize?** Dill represents innocence in To Kill a Mockingbird. Because he is an outsider to Macomb. He was not instilled through his childhood with the racist sentiments prevalent in the town. He maintains this innocence through the course of the novel.

**What was Dill's real name?** Charles Baker "Dill" Harris is a short, smart boy who visits Maycomb every summer from Meridian, Mississippi and stays with his Aunt Rachel (Aunt Stephanie in the film).

**What difficult question does Scout ask Atticus?** Scout asks Atticus why he's defending Tom Robinson, if no one else will. His response reflects Atticus's integrity and moral code. He knows, because of the racial history of the US, that he can't win, but he has to defend Tom. "When a child asks you something, answer him, for goodness' sake."

**What are some open ended questions about To Kill a Mockingbird?**

**What are good questions to ask about To Kill a Mockingbird Chapter 17?**

**What uncomfortable question does Scout ask Atticus in Chapter 14?** Scout even has to ask Atticus what the word 'rape' means. The conversation leads to Scout telling Atticus that their black maid, Calpurnia, took them to her church a few weeks before and has invited them again. Overhearing this, Aunt Alexandra has a fit and tells the children they are not to return.

## **Stereospecific Olefin Polymerization Catalyzed By**

**What is stereospecific olefin polymerization?**

Stereospecific olefin polymerization is a process in which olefins (hydrocarbons with a carbon-carbon double bond) are polymerized in a way that results in a polymer with a specific stereochemistry. This means that the polymer chains have a defined arrangement of the side groups (substituents) attached to the carbon backbone.

**How is stereospecific olefin polymerization catalyzed?**

Stereospecific olefin polymerization is typically catalyzed by a metallocene catalyst. Metallocene catalysts are compounds that contain a metal ion sandwiched between two cyclopentadienyl rings. The metal ion can be titanium, zirconium, or hafnium, and the cyclopentadienyl rings can be substituted with various functional groups.

## **What are the advantages of stereospecific olefin polymerization?**

Stereospecific olefin polymerization offers several advantages over traditional olefin polymerization methods. First, it allows for the production of polymers with a narrow molecular weight distribution. This means that the polymer chains are more uniform in size, which can lead to improved physical properties. Second, stereospecific olefin polymerization can produce polymers with a high degree of crystallinity. This makes the polymers stronger and more resistant to heat and chemicals. Third, stereospecific olefin polymerization can produce polymers with specific optical properties. This makes them useful for applications such as optical fibers and polarizing films.

## **What are some applications of stereospecific olefin polymers?**

Stereospecific olefin polymers are used in a wide variety of applications, including:

- Automotive parts
- Appliances
- Packaging
- Medical devices
- Electronic components

## **What are the challenges of stereospecific olefin polymerization?**

One of the challenges of stereospecific olefin polymerization is the development of catalysts that are both active and selective. The activity of a catalyst refers to its ability to convert olefins into polymers, while the selectivity of a catalyst refers to its ability to produce polymers with a specific stereochemistry. Another challenge is the development of catalysts that are stable under the harsh conditions required for olefin polymerization.

## **The Self-Talk Solution: Questions and Answers**

### **What is self-talk?**

Self-talk refers to the internal dialogue we have with ourselves. It consists of the thoughts and beliefs that run through our minds, influencing our feelings, behaviors, and overall mental well-being.

### **Why is self-talk important?**

Positive self-talk can boost our confidence, motivate us to achieve our goals, and enhance our emotional resilience. Negative self-talk, on the other hand, can lead to self-doubt, anxiety, and depression. By becoming aware of and changing our self-talk patterns, we can significantly improve our mental health.

### **How can I change my self-talk?**

Changing self-talk requires a conscious effort. Here are some strategies:

- **Identify your negative thoughts:** Pay attention to the self-critical or negative statements that run through your mind.
- **Challenge your negative thoughts:** Ask yourself if there is any evidence to support these thoughts. Are they based on facts or just assumptions?
- **Replace negative thoughts with positive ones:** When you catch yourself engaging in negative self-talk, make an effort to reframe your thoughts in a more positive and supportive way.

### **Is self-talk therapy effective?**

Studies have shown that cognitive behavioral therapy (CBT), which focuses on identifying and changing negative thought patterns, including self-talk, is an effective treatment for a variety of mental health conditions, such as anxiety, depression, and low self-esteem.

### **Where can I learn more about self-talk?**

There are numerous resources available to help you learn more about self-talk and how to change it. You can find books, articles, and online courses on the topic. Additionally, you can work with a therapist or counselor who specializes in CBT to guide you through the process.
