What are the differences between Hayek and Stiglitz? While Hayek argued that the best thing a government could do was to disappear from the economic scene, letting the economy evolve in a 'natural' (laissez-faire) manner, Stiglitz argues that there is no reason to believe that laissez-faire will engender static or dynamic efficiency or equality.

What is the quote Joseph Stiglitz? Rather than justice for all, we are evolving into a system of justice for those who can afford it. We have banks that are not only too big to fail, but too big to be held accountable. Development is about transforming the lives of people, not just transforming economies.

What was Joseph Stiglitz main concern about QE? JOSEPH STIGLITZ: The main thing I was concerned about was that the way they were trying to revive the economy was a kind of trickle-down economics. The way quantitative easing works is that it's a lowering of the interest rates. That leads stocks to go up.

What does Stiglitz see as the strengths and weaknesses of globalization? Stiglitz explains that globalization could be either success or failure, depending on its management. There is a success when it is managed by national government by embracing their characteristics of each individual country; however, there is a failure when it is managed by international institutions such as IMF.
