What are the questions in the landlady by Roald Dahl? Comprehension Questions: 1) How does Billy feel about entering the Bed and Breakfast? 2) What sort of person does Billy compare the Landlady to? 3) Why doesn't the Landlady has lots of people staying at her Bed and Breakfast? 4) Why does the Landlady ask that

Billy sign the book?

What does the landlady mistakenly call Billy in the landlady? As the landlady leads Billy to his room, she mistakenly calls him "Mr. Perkins" and Billy corrects her.

Why does the landlady forget Billy's last name? She calls Billy 'Mr. Wilkins' and 'Mr. Perkins. ' The landlady isn't as interested in Billy's name as she is in his appearance, because she's planning to murder him and then stuff him so she can keep him around, as she has done with her cat, parrot, and the previous two tenants.

What type of dog did the landlady own? Billy is surprised to find that the parrot and dachshund he had seen through the window are both stuffed. The landlady says that she stuffs all her pets when they die. Billy finds that his tea tastes faintly of bitter almonds.

Why did the landlady choose Billy? Ultimately, the sweet-looking landlady is able to take advantage of poor Billy because his innocent and trusting nature prevents him from suspecting that things might not be as they seem.

What did the landlady do to her victims? The unspoken circumstances of what has taken place in the landlady's bed and breakfast is that the woman killed and stuffed the two men, believed to be missing, and has kept their bodies upstairs in her house.

Did the landlady poison Billy? Later, when the landlady offers Billy a second cup of tea, he declines because "he didn't much care for it," due to the taste of "bitter almonds." Although it is never explicitly revealed, it is likely that the landlady has poisoned Billy's tea with cyanide, which is known to smell of "bitter almonds." The landlady ...

Was the landlady a killer? In "The Landlady" by Roald Dahl the landlady kills multiple young men. She follows steps which demonstrate that she is a killer. The landlady in the story is a serial killer because she looks kind and charming, is alert for her victims and she keeps her victims as a souvenir as do most serial killers.

Did Billy trust the landlady? In 'The Landlady,' Dahl makes Billy (and the reader) trust the landlady by making her seem so nice. She lives in the nicest home in the area, with a beautiful vase of chrysanthemums in the window.

Did the landlady lose her son? There is no direct evidence of the landlady's loss, and the suggestion remains only speculation on Billy's part. However, such loss and resulting grief was common in England during the post-War period, and therefore this cause of her psychosis stands as a logical possibility.

What foreshadows Billy's death in the landlady? When the landlady's obsession with young men becomes apparent, this further foreshadows Billy's demise, and the suspense grows. Billy's unawareness of the danger creates a sense of dramatic irony that enhances the suspense throughout the rising action.

Why does Billy think the landlady is odd? In the short story 'The Landlady,' Billy Weaver believes the landlady is a bit odd because she's very forgetful. He refers to her as being 'slightly dotty. ' She's also odd because she has a boardinghouse which has no guests.

Why did Billy's tea taste like bitter almonds? Potassium cyanide, which is extremely poisonous, is known for its faint, bitter almond taste. This is what Billy tastes in the landlady's tea.

The landlady describes how both Christopher and Gregory—another one of her victims—never left the Bed and Breakfast, and how they are still "on the fourth floor, both of them together" (implying that she killed and stuffed them, just as she did with her pets).

What is the main problem in the landlady? In "The Landlady" by Roald Dahl, the conflict is that Billy Weaver is being manipulated by the landlady of the boarding house and is unable to remember why the names he finds so familiar in the register book are so familiar.

What is the big idea of the landlady? Like many classic tales of horror, "The Landlady" explores the dangers of isolation and seclusion. Billy's isolation upon his arrival in Bath becomes a dangerous liability when he meets the landlady. Indeed, Billy himself appears to understand this vulnerability.
