2017-2018 Central York School District: Q&A

Q: What new programs or initiatives were introduced in the 2017-2018 school year? A: The district implemented several new programs, including a district-wide initiative to promote social-emotional learning, an expansion of the STEM curriculum, and a new robotics club at the middle school level.

Q: How did the district address the issue of school safety? A: The district continued its focus on school safety by increasing safety drills, partnering with local law enforcement, and implementing new technology to enhance security at each school.

Q: Were there any significant changes to the district's curriculum? A: The district revised its math curriculum, aligning it with the Common Core State Standards. Additionally, the district introduced new electives, including coding and computer science, to prepare students for future careers.

Q: How did the district support struggling students? A: The district expanded its support services for struggling students, including providing additional tutoring, after-school academic assistance, and smaller class sizes in certain core subjects.

Q: What were the district's academic achievements in the 2017-2018 school year? A: The district continued to perform well academically, with students achieving proficiency or above in all core subjects on state standardized tests. Additionally, the district had a graduation rate of over 90%.
